

The Commonwealth of Massachusetts
MASSACHUSETTS CIVILIAN RIFLE TEAM

SEASON OF 1921

Malcolm F. Partridge, *Captain* : : 104 Mt. Auburn Street, Watertown 72, Massachusetts.

23d March 1921.

Dear Wallace:

I am enclosing a check for \$10.00 to cover my 1921 dues in the Massachusetts Rifle Association. Also check for \$1.50 signed by Binney which was made out to the M. R. A. This was his share of team entry. You can add this amount to the amount of my bill.

I was up to Wood's to-day and he said we could get quite a heavy silver medal for \$7.00. I understood him to say that this medal would be either hollow or filled with some other kind of metal inside. He said the gold medal would not cost much more than it did 20 years ago as the price of gold was about the same. The labor would be the only thing to call for an increased price. I think we could get a thin medal as this medal is so large that nobody would think of wearing it for a watch fob.

Sincerely,

Malcolm F. Partridge

P. S. I changed the type on the top line of this heading. Does it look any better.

2.

The Prize and Match Committee was instructed to run a match for the small bore rifle at 100 yards and a match for the .45 automatic pistol at 25 yards. Prizes in these matches to consist of bronze victory medals. Therefore you should order two medals if same are not on hand.

Very truly yours,

Malcolm F. Partridge

Secretary.
